Affairs, ex officio

*members of the
Senate

MINUTES OF A MEETING OF THE
UNIVERSITY SENATE APRIL 5, 1968

The University Senate met at 2:10 pm, Friday, April 5, 1968, sixth floor Library, President Elliott presiding.

Professor Allen served for Professor Wood, Chairman of the Executive Committee, who was out of the city.

Professor Stevens rose to announce that President Johnson had declared Sunday, April 7, 1968, a day of mourning occasioned by the death of Dr. Martin Luther King, and he moved the Senate rise for a moment of silence in Dr. King's memory.

The minutes of the previous regularly scheduled meeting were approved as distributed. Professor Hill moved an amendment to paragraph 5, page 4, of the minutes of the Special Meeting held on March 20, as follows:

The paragraph reading: "Professor Wood asked if Professor Hill would accept an amendment to Section B in order to make clear the Senate should be the judge as to what matters it should refer to the Joint Committee."

Be amended to read: "Professor Wood moved a substitute resolution in the form of a series of amendments to Resolution 67/10; thereafter Professor Hill sought to restore the intention of the original resolution by amending Professor Wood's amendments."

Professor Willson seconded the motion, and the minutes were approved as amended.

Professor Brewer reported briefly on action taken by the Ad Hoc Committee elected to meet with Professor Gallagher. The committee concluded that in the future, if possible, matters of this type should be handled in executive session, and after discussions are completed within the University family, any announcements pertaining to the matter should be made by the appropriate authority.

Professor Lewis moved, seconded by Professor Allen, that the committee be commended for its excellent performance, and the motion was passed unanimously.

Professor Desmond presented a RESOLUTION TO INTERPRET THE PROVISIONS OF FACULTY PROCEDURE FOR THE IMPLEMENTATION OF ARTICLE IX OF THE CODE AND ORDINANCES (67/13), and moved its adoption, seconded by Professor Stevens. Professor Willson called for the question and the motion carried. (See Resolution below)

Be it Resolved by the University Senate of the George Washington University:

When PRELIMINARY PROCEEDINGS are instituted under the Faculty Procedures for the Implementation of Article IX of the University CODE AND ORDINANCES, interested parties should refrain from comment about the issues involved therein until such proceedings are concluded.

In view of the informal nature of the work of the Special Committee, it is expected that its inquiries and deliberations will take place in camera. The Special Committee will make any and all of its reports to the University Senate through the Executive Committee.

All Faculty and Administrative officers are urged to refrain from making public statements about the case in order to avoid prejudicing any further proceedings. Any statements deemed necessary to correct erroneous or misleading publicity with respect to the case should be made by the Chairman of the Executive Committee on behalf of the Executive Committee and the Senate.

If FORMAL PROCEEDINGS are not recommended any statements concerning resolution of the case should be issued only by the Chairman of the Executive Committee and the President, as provided by the Faculty Procedures.

Professor Desmond requested the privilege of the floor for Professor Gray, who suggested to the Senate that the Resolution be made a formal part of the FACULTY CODE at the next printing.

Professor Lewis presented the names of the following nominees to serve as an Executive Committee for the 1968-69 session of the Senate:

Reuben E. Wood, Chairman, Columbian College of Arts & Sciences
Seymour Alpert, Medical School
John W. Brewer, Columbian College of Arts & Sciences
Edward H. Braun, School of Engineering
David J. Sharpe, Law School

and moved their election, Professor Heller seconded the motion.

At 2:32 pm, President Elliott was summoned from the meeting, and he requested that Professor Allen occupy the chair in his absence.

There being no nominations from the floor, the above listed nominees to the Executive Committee were elected unanimously.

As provided by item 6 of the agenda, reports of Standing Committees were submitted by committees on Student Relationships, University Objectives, and Administrative Matters as they Affect the Faculty. A copy of each of these reports was furnished each Senate member present at the meeting, and a copy of each is on file with the official minutes of the Senate. Dr. Kramer, Chairman of the committee on Research requested that presentation of that committee's report be deferred until a later date.

As provided by item 7 of the agenda, i.e., brief statements by members and visitors, Professor Lewis was recognized by the chair. He made three brief observations on his "last appearance" before the Senate. (1) While he had always taken pride in the University's newspaper, he had refrained from distributing the April 1, 1968, issue of the TOMAHAWK. He felt the Senate should take cognizance of items of this type which might reflect adversely on the University. (2) Information concerning attendance at Senate meetings should be made a part of the minutes as a matter of routine for members of the Faculty who are not Senate members. (3) He hoped that the committee for reorganization scheduled for Fall, 1968, would take into

consideration the fact that the School of Government and Business Administration Faculty believes that qualifications for membership in the Senate should conform to AAUP specifications. He felt the committee also should take into account the number of representatives from each school, as the present representation seems unequal.

President Elliott returned to the meeting, and announced that because rumors were being circulated that widespread disturbances were occurring in the streets of the city, it was necessary to close the University to provide for the security of everyone concerned.

The meeting was adjourned at 2:40 pm.

Frederick R. Houser
Secretary
